

# Why Shop Local?

- Dollars you spend locally support vital public services in our towns and county.
- Local business owners care about and invest in your community. They donate part of your dollars back to local groups and charities.
- Your local purchases support local jobs! These are your friends, neighbors and relatives.
- When you shop at a local store, you're supporting a whole host of other businesses. Banks, restaurants and other businesses cluster around local stores.
- Local businesses are more accessible for everyone. This is especially important for elderly, and others without transportation.
- You save money by shopping at home. You drive less, save time, and you'd be surprised how often the retail prices are lower, too.
- Your purchases help the county attract new entrepreneurs and skilled workers. *(Everyone wants to see more businesses started here. The best way to attract more stores and services is by helping our existing businesses grow! Do Your Part—Shop Local)*

The Chamber started this program several years ago as part of its **Shop Local** initiatives. Hometown Dollars can be used just like cash at any participating business. From farm produce to entertainment, restaurants to automotive repair and supplies, retail stores to specialty shops ... Hometown Dollars are truly a unique gift.

**Hometown Dollars Gift Certificates can be purchased at the Hart County Chamber of Commerce office located at 116 East Union Street in downtown Munfordville.**

**If you don't want to stop in, you can also order certificates by phone and pay for them with a credit card. The certificates will be mailed to you or sent as a gift on your behalf.**
